

GROW YOUR BUSINESS WITH GRASS

Product concept — handmade eat & play grass products for small animals, by Boldpartners (Bangladesh)

Eurobempet presents a full range of handmade eat & play grass products for small animals, crafted by Boldpartners in Bangladesh. From their own sustainable plantation, Boldpartners grows and harvests a wide variety of natural materials — grasses, tropical fruits, herbs, flowers and trees — to create a premium 100% natural product line that covers both enrichment and nutrition for rabbits, guinea pigs, hamsters, chinchillas and other small animals. A genuine farm-to-pet story that gives retailers a powerful natural and sustainable platform.

KEY USP's

■ 100% Natural & Handmade

Bold Partners stands out for its dedication to naturalness and craftsmanship, with a handmade 100% natural product line. No additives, no synthetics.

■ Own Sustainable Plantation

Own plantation for environmentally responsible growing and harvesting of natural products: grasses, tropical fruits, herbs, flowers and trees.

■ Social Responsibility — Work from Home

In addition to a factory, the company offers work-from-home opportunities, contributing to flexibility, well-being and employment creation in the local community.

■ Support of Local Schools

Bold Partners' social commitment is reflected in active support of local schools — giving the company a genuine heart for the community and a strong CSR story for retail partners.

ABOUT BOLDPARTNERS

Boldpartners is a Bangladesh-based manufacturer operating both a dedicated factory and a work-from-home network, creating wide local employment. Their own plantation ensures a reliable, traceable supply of natural raw materials. Their commitment to local school support makes them a genuine impact partner — a story that resonates strongly with eco-conscious retailers and consumers alike.

RETAIL POSITIONING

Positioned at eco-conscious small animal owners looking for natural enrichment. Eat & play grass products deliver dual value — nutrition and mental stimulation — in a single 100% natural, plastic-free, biodegradable format. Ideal for farm shops, garden centres, pet specialty and online retail.

PLEASE NOTE

This concept sheet presents product possibilities for early-stage development and private label discussion. Final SKU selection, dimensions, minimum order quantities and packaging specifications are confirmed per order. Custom shapes and branding available on request.
